### Training the Future Church Leaders

As mentioned above, Dr. Scott Hafemann spent the first weeks of his trip to Chad teaching at the ESTES Bible College. This college is the only one of its kind in Chad, so the work there is very strategic for the future of the church in this needy country. The school's leader, Mardochee Nadoumgar, needs our prayers and support as he runs the school on a very tight budget. Often he cannot pay the 5 teachers their full monthly salary. The wives of the students also have training so that they will be able to help in the ministry. Debara writes that the time she spent in prayer with them was the highlight of her days. She was challenged by their desire to serve God in whatever way he would lead.
